Dear Examiner:					
<p>We would like to set up an interview to discuss the rejection of claims in the above-referenced patent application. The purpose of the conference call would be to get a better understanding of the specific techniques in the cited reference that are being used to reject the claimed invention. We believe the rejections are improper. In the reply to the last office action, we presented reasons why specific language in the claims distinguished the claimed invention over the cited prior art. These reasons we presented in our last reply were not addressed in the advisory action. We feel that a phone conference at this point will help expedite prosecution of the present application and avoid an appeal.</p> <p>Thus, as an agenda, we propose discussing specific techniques in prior art used to reject claims 1, 13-15, 32, 33, 36, and 37. Providing a clarification of the rejection would be helpful.</p> <p>Best Regards, Paul P. Kriz, Esq. Reg. No.: 45,752</p>
